

Alloway Township Environmental Commission
December 8, 2014 General Meeting

Attendees: Joe Mahar, Autumn Angelus, Frank Ponti, Craig Kane, Anne Sullivan, Aaron Warren, Chris Gilbert

Absent: n/a

Meeting called to order at 7:40pm.

November minutes were approved with a minor change. (Motion by AS, seconded by CK)

Discussion:

- Aaron Warren sworn in.
- HKS Swamp Pink photos on Agenda discussed.
- Frank commented on the convenience center and the amount of recyclables and organic matter within the regular trash. He thinks the 8th grade topic should be about recycling, as discussed.
- EC handbooks were given to AA & AW. Newest version ordered through ANJEC for all commissioners. Purchase approved by Mayor McKelvey.
- JM & AA touched on Chagas disease & bed bugs as a vector.

Old business:

- Planning board report-
 - Completeness review for the kennel & the Mennonite church.
 - Church deemed complete – engineer had some questions. Public hearing will take place.
 - Kennel deemed not complete, an EIS would ease questions and concerns of the EC. Perhaps this property should be looked at under greater scrutiny, as the owners already fail to follow ordinances.

New business:

- Planning Board –
 - Septic System for May (Friesburg Road) B28 L9. Proposed for near the street, with dwelling demo.
 - MacAlonan application for subdiv – looking for variances as house and out-buildings are non-conforming lot. The rest of acreage is farmland preserved. Deemed a clean/ complete app.
- Looked over reference materials put together by AA. Includes some T&E & vernal info.

Meeting adjourned at 9:40 pm. (Motion by AS, seconded by FP)
