

Alloway Township Environmental Commission
April 7, 2014 General Meeting

Attendees: Joe Mahar, Autumn Angelus, Chris Gilbert, Anne Sullivan

Absent: Craig Kane, Frank Ponti

Meeting called to order at 7:42pm.

March minutes were approved as read. (Motion by A.S., seconded by C.G.)

Discussion:

- Correspondence - Delaware Valley Regional Planning Commission Environmental Resource Inventory available, too costly.
- Anne stated that the township budget was introduced, and it was discussed, briefly.
- Warren Weiting official resignation as of 3/14/14.
- Planning board minutes regarding Ranch Hope were discussed. No official information, as Craig was absent. Per Anne's recollection, however; it seemed that most of our notes were disregarded on the subject of the new construction, the native plants being the exception.

Old business:

- Annual Report will be sent out via email for approval by the body.
- Brief discussion regarding the community garden: solar panels, properties, sewer
- Environmental Science Award – nothing from school, TABLED.

New business:

- Plant lists for Ranch Hope were discussed. Conversation ensued on whether to provide a website for them to choose from at their discretion, or a more specific list.
- ATEC Membership – would like to see at least one more person on the commission.

Meeting adjourned at 8:47pm. (Motion by A.A., seconded by A.S.)
