

## October 9<sup>th</sup>, 2017 EC Minutes

Attendees: Joe Mahar, Frank Ponti, Renee Waters, Chris Gilbert

Absent: Craig Kane, Autumn Angelus

Renee knows a person who may be interested in filling our current vacancy.

We talked about the ERI and what needed to be done relative to the maps. Renee wondered about the layering of maps and we were going to look into this more.

All of us were going to look into different aspects of the ERI to continue the process of updating it.

9:30 adjournment

Addendum: ERI changes – CG would like to see Natural Heritage sites considered, FP would like to see narratives of community environmental surveys, Historic properties. Perhaps use Kingswood EC ERI as an example. We need to find a way to break the township up into researchable sections.
