

Alloway Township Environmental Commission  
Regular Meeting Minutes  
April 12, 2021

**Attendees:** Joe Mahar, Autumn Angelus, Renee Waters, Warren Morgan, Debbie Dilks, Craig Kane, Frank Ponti (on phone)

**Excused:** Chris Gilbert

Meeting Called To Order at 7:38 pm

February and March minutes were approved, February as read & March with changes.  
On motion by DD, 2<sup>nd</sup> by RW.

**Announcements/ Correspondence:**

- ANJEC Virtual Meeting is scheduled for April 22<sup>nd</sup> from 11am to 2pm. There will be virtual “tables” available to display information about individual ECs. We will create and submit a poster or slide show about our Environmental Science Awards.
- There was a response from the Twp. Regarding the SJ Land & Water Trust correspondence; they are amenable to the proposed projects.

**Discussion-**

*Old business:*

- Cell tower EIS: the Twp. Engineer stated that all of the requested materials were submitted and everything was in order. Because the PB “pre-approved” the project, it is essentially turned over to the professionals & out of our hands at that point.
- Giordano Recycling: Updated application states that 25-50 additional trucks would be going through Alloway each day. RW read the Pittsgrove EC statement and then read her personal statement that she plans to share at the open forum on Monday. There was some discussion regarding improving her already thorough statement.

*New business:*

- Environmental Science Awards – we are once again going to ask for a poster only, due to COVID-19 constraints. After discussion, “Forest fires and how to prevent them in your community” was chosen as the 2021 topic. AA will create a lesson sheet with the instructions to provide to DD who will then share with the science teacher.
- *Planning Board* – M. Massari & Sons Final Site Plan Renewal (B13, L7). Just an extension of the permits held, no work has been done there in many years.

Meeting adjourned at 9:30 pm.
