

Alloway Township Environmental Commission
Regular Meeting Minutes
June 7, 2021

Attendees: Joe Mahar, Autumn Angelus, Chris Gilbert, Craig Kane, Frank Ponti

Excused: Warren Morgan, Debbie Dilks, Renee Waters

Meeting Called To Order at 7:35 PM

May minutes were approved as read.

On motion by CK, Seconded by AA.

Announcements/ Correspondence:

- No correspondence.
- Autumn shared periodical cicada (Brood X) exuviae, photos and nymph chimneys with everyone.

Discussion-

Old business:

- Giordano Recycling is now looking at Repaupo for their recycling facilities. This would lead to their trash still coming to Alloway (SCIA), as Gloucester County dumps over 14 times as much trash at SCIA than the next highest county/ state entity. RW will speak to Mayor McKelvey regarding SCIA and the operations there.
- Environmental Science Awards – Only 2 posters were received. Next year, we will send the topic to the teacher in January so that she has plenty of time to prepare. JM will make sure that Charlet gets the posters so that they can be posted.

New business:

- Fillable ERI form (posted on the website) will be shared on Facebook by RW & JM.
- There was discussion regarding changing the time of the meeting to 7pm. This was unanimously agreed upon and AA will let Charlet know so that the appropriate steps can be taken to officially change the meeting time to 7:00 PM starting July 2021.
- *Planning Board* – a minor subdivision for a conceptual business plan across from Buds Market, and a resolution for something that was previously approved came in.

Meeting adjourned at 9:26 PM.
